Dear Giusi,
Namaste from Nepal
Thank you so much for your email and information with great news. I hope we have the money in our bank by now. I will update you. Thank you so much again.
This is our new school seasons for our girls. We have to admit them in new classes, buy new books, buy the new school uniform, shoes and etc. I hope you will connect me with someone to see if they can support to do these things.
Your support is great and I hope to be in regular touch
With Peace and Solidarity,
Goma
