UNIONE ITALIANA
CLUB DI

Soroptimist International

Soroptimists are women in professions and business who work together at local, national and international levels to educate, empower and enable women and girls with an aim to improving their lives. Soroptimists have addressed women's issues in their communities and beyond since Soroptimist International was founded in 1921. Today, we are a strong international network of some 75,000 women, who are powerful and effective advocates of women's and girls' rights. Women and girls will achieve their individual and collective potential, realise aspirations and have an equal voice in creating strong, peaceful communities worldwide.
