Kraków, February 2021

Dear President Ivana,

Dear Club Members,

The Board of Soroptimist International of Europe joins me to extend our heartiest and most sincere congratulations to your ***SI Club BERGAMO*** for its anniversary, completing 50 years of success.

SI Clubs like yours with a brilliant group of dedicated members are at the heart of the Federation's sustainability and long-term development since its creation back in 1924. Every project and programme you have achieved have served our collective mission and helped achieve improvements in women's conditions. We value and cherish each and every action your Club has done.

With your commitment and engagement, you have year after year proved your values and have gained the much deserved recognition and fame. With your services, the community has gained a lot. Not only your Club provides a unique platform for its members to collectively achieve women and girls' dreams, but it offers a forum for them to learn and share knowledge and experience.

Our model, based on friendship and inspiring actions, is unique. I encourage you to grow your Club and engage a new generation of Soroptimists. Remember that the Clubs and its members have a key role to play in society. Soroptimists are true role models and a wonderful source of inspiration!

We wish you all the success for your Charter Anniversary celebrations and for many more years to come.

In friendship,

Anna Wszelaczyńska
SIE President 2019-2021
